

## FIGHTING YOUTH SUBDUES TOUGHS IN AN "L" TRAIN

Armed with Hatchet He  
Had Things His Own  
Way in Fight.

David Ehrlich, a father, of No. 523 East One Hundred and First street, had the trusty tool of his trade—a neat little hatchet—with him early today when a bunch of east-side toughs proceeded to make trouble for him on a south-bound Third Avenue elevated train, on which he and they were belated passengers.

Paul Payne, twenty-one years old, of No. 970 Second Avenue; John Butler, eighteen, of No. 333 First Avenue; William Williams, twenty-one, of No. 84 First Avenue, and several other youngsters tried to stampede their fellow passengers by rough tactics. Ehrlich, young himself, stout and lusty, protested because he said there were women aboard, but the young toughs hooted, and one of them made a pass at Ehrlich. The latter was fighting in a moment.

Up and down the car the belligerents wrestled, punched and fought, Ehrlich holding his own as best he could without assistance from the other men passengers. Women in the car became hysterical and rushed into the rear or forward cars. There the women huddled, shrieking.

In the mean time Ehrlich had fought his way back to his seat, under which was the neat little hatchet. Possessing himself of the tool, he laid about him with well-directed aim, sending his assailants to matting one after another. He was considerate enough to use the flat side of the weapon until Payne, arising from a knockdown blow, made a move as if to draw a concealed weapon. Ehrlich tried the cutting edge of his hatchet this time. He whacked fighting young Payne across the nose with the implement, and the fight ended right there.

Motorman Grady, during this achievement, had been busy with the compressed air whistle of his train. He allowed it to shriek an extraordinary alarm, and as the train dashed into the station the rescue of the passengers on Third Avenue had formed a reception committee on the platform.

Those noticed, including the valiant Ehrlich, were taken into custody, and Ehrlich was held with the others by the police. The case of Payne, who will have to get a new nose, made the charge.

The rowdiness on trains must stop, said Magistrate Fingleton, in the Yorkville Court today. The common sense of this case leads me to judge that the defendant, Ehrlich, was a victim of passion. You three men, Payne, Butler and Williams, admit to having been drinking and were out for a good time. You, Payne, got just what you deserved. I will fine you three men \$5 each and discharge them.

## MAN WHO HAD HIS HEART SEWED DROPS DEAD

Announced in Hospital He Never Felt Better in  
His Life, Then Tumbled Over  
Lifeless.

Anthony Savage succumbed in the Eastern District Hospital, Brooklyn, today to one of the most wonderful operations ever attempted at that institution.

Ten days ago the young man, who is twenty-one and a friend invited themselves to a christening at No. 72 India street, a few doors from where Savage lived. During the evening there was a fight in which he received two stab wounds. One of these was in the right shoulder and the other close to the heart. An examination revealed that the hemorrhages were resulting from the

wounds, and the physicians decided to perform an operation above the heart and remove the blood clot.

It was then discovered that the youth's heart had been slightly cut, and three stitches were taken in it. The mass of the hemorrhages were simultaneously removed and Savage started on the road to seeming recovery. That was eight days ago.

To-day he said he was feeling better than at any time since his arrival at the hospital, and hoped to be out within a week. He had no more than uttered the words when he fell back on his cot dead.

## PUBLIC SCHOOLS TURN 600,000 CHILDREN LOOSE

Summer Vacation Lasts  
from Now Until  
Sept. 10.

Six hundred thousand children from the 520 public schools in New York will be discharged this afternoon until September 10, when the schools reassemble after the summer vacation.

Most of the schools have no formal programme arranged, having had their exercises during the early part of the week, but there will be very little attempt at any serious work today. The children, as well as the teachers, employing the time until the hour of dismissal in interesting one another with plans for spending the vacation.

J. H. Pitt, secretary to William H. Maxwell, Superintendent of Schools, said that although the schools do not open for tuition until Sept. 10, the buildings will be open on Sept. 6, 7 and 8 for the registration and transferring of pupils.

## PULLMAN, BORN AN AMERICAN, DENIED CITIZEN RIGHTS

Nephew of Rich Car  
Builder Takes Out  
Papers in Suit.

WHITE PLAINS, N. Y., June 29.—Nicholas Pullman, a nephew of the late George Pullman, of the Pullman Palace Car Company, came here today to file his first citizenship papers.

Mr. Pullman, who is a noted engineer, says that he was born in Chicago, where his parents are buried, but that when he returned from abroad last May he was informed in New York that he was not a United States citizen and would have to take out papers. Although he could not understand why he was not a citizen when he was born in Chicago he took out the papers in order to give him a basis for testing his standing.

Mr. Pullman's father was a brother of George Pullman. When young Pullman was ten years old he was sent to Europe to be educated and spent many years abroad, studying at Heidelberg and at the Paris University. He is now twenty-seven years old. He made several trips to America, returning the last time in May last.

He was living in Larchmont last fall,

but was not allowed to cast his vote at the election, although he offered to swear in his vote.

After the election he was informed by lawyers that he is a full-fledged American citizen, but that he must first appear in court, where he will swear that he was born in Chicago and was the son of George Pullman, and that he was not a citizen of any other country.

## TUMORS CONQUERED

SERIOUS OPERATIONS AVOIDED.

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, tumor.

The growth of a tumor is so slow that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

Dear Mrs. Pinkham:—I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation. Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking it I have been entirely cured. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well.—Fannie D. Fox, 7 Chestnut Street, Bradford, Pa.

## Best Offering Of TOWELS

That We Have Known in Years

Only the most fortunate conditions brought about the purchase that brings these Towels to be sold at a little more than half price. But the good fortune is far more yours than ours. In addition to securing handsome reductions on the cost to us, we have marked the Towels at a very small margin of profit to us. Any housekeeper who looks at the great big double Huckaback Towels in this sale at 28c, will realize that she never saw such towels at such a price before. These towels are 26 inches wide and 40 inches long, just as handsome and finely finished on one side as on the other. Some are plain white, others have handsome borders. When we say they are worth 55c, we mean that they cannot be equalled outside of this store for less.

There are other splendid groups at 35c, 38c, 40c and 45c each.

In the Basement Under-Price Store there are a half-dozen under-price groups at still lower prices—15c, 18c, 21c, 23c and 25c each, worth from 25c to 50c.

No housekeeper who expects to need towels in the next six months can afford to miss this opportunity.

## July 4th Specials at Brills'

Here are Clothing Bargains just when you need them most—just before the big American holiday—just before your vacation, maybe. Here are values that mean substantial money savings to you. Brills' is the only concern that can offer you these bargains because Brills' is the only concern enjoying all these ADVANTAGES:

The advantage of close mill connections, which insures the cost of certain fabrics.

The advantage of having six leading tailoring institutions competing for our account, because it's big and prompt cash and prestige. This competition lowers prices to us.

The advantage of controlling four complete tailoring organizations, which enables us to make up our own piece goods, secured direct from the mill, in the way we want them made and at the bare cost of manufacture.

The advantage of doing a volume business, thus distributing enormous quantities of clothing, turning our capital rapidly and catering to an immense clientele, so that we learn just what the people want and are able to give it to them.

The advantage of running four stores under the general buying, advertising, managing and accounting expense usually borne by one store alone.

The advantage of enthusiasm, youth and ambition. We are a young concern—not yet nineteen. We have an abounding faith in the dignity and decency of the clothing industry and we mean to be the greatest men's clothing concern in the world.

## Sale of Two-Garment Tropical Weight Outing Suits \$9.75

At the outset let us say this: We know that under \$15 you won't find suits that can qualify with these, and we know that if you were to pay many times \$9.75 you couldn't possibly get suits with more style and vigor and dash.

These suits are fashioned by our own organization, with characteristic grace and fine tailoring. All the new gray tones are shown in flannels and cassimeres. The coats are quarter lined, extremely long, with deep side or centre vents, in three button single-breasted models. The trousers are full peg top, with belt loops and cuffs at bottom.

The Vogel Brothers label is a little thing to look for but a big thing to find. When you see it in a blue serge suit you may make certain that it is a suit different in every phase from the ordinary kind. Different in fabric because the serge that goes into our suits is of firmly woven texture and absolutely fast true blue. Different in tailoring because they are the product of our own organization. Different in style because they are identified by these knicks of fashion—broad lapels, shaped backs, deep side or centre vents in 3 or 4 button single-breasted and double-breasted sack models. Special at \$15.

## Sale of Light Color Suits at \$12.50

We count \$12.50 an extremely low price for the suits involved in this offering, and so will you when you've seen them. They take form in handsome cassimeres and chevrots in the new gray tones so popular with well dressed men. In addition we include splendid blue serge suits at \$12.50. Even the low price does not bar the suits from having all the little knicks of style.

## Sale of Light worsted Suits at \$15

Here are those very fashionable hard-finished worsteds in all the new gray shades—twills, plaids and club checks, together with rich dark toned silk mixed worsteds. Garments that no shop in this town affords under \$20. Fashioned in the newest single and double-breasted sack models.
